

Adaptive Swim Lessons

Have you searched for swim lessons that can fulfill the needs your child has?

The Strongsville Recreation Department is offering adaptive swim lessons with Beth Lattime. She is an intervention specialist with 20 years of swim instruction experience and a Master's degree in Special Education.

Each session will include an initial assessment in order to develop customized lesson plans. Lessons will either be 1 instructor:1 participant or 1 instructor: 2 participants dependent upon the needs of your child or teen. For classes with two individuals, pairings will be determined based upon each participant's swim ability, age, behavior temperament, and disability parameters.

Participants will receive four half hour lessons on Monday evenings between 5:30-8:40pm.

Session IV 4/27—5/18

Fees: \$72-125 (based on individual needs and member status)

Call the Ehrnfelt Recreation Center at 440-580-3260 x5296 for more details.
